

Opus 1618 Organ
Opus 1563 Console

\$15,000.00 FOB Lawrence

Opus 1618 was built in 1967 and has now been paired with a vintage Reuter console in good condition. Although the combination action on the console has not been restored, the keyboards and pedalboard play reliably. The two reservoirs were competently releathered in the past and the chest leather is original. The blower is located within the organ case. The Rohr Schalmey was a later addition not supplied by Reuter.

The 16' Untersatz is a console preparation only; pipes and chest for notes 1-12 could be supplied for an additional charge. Other upgrades are also available.

This organ is offered as is. It is in playing condition and ready for inspection and audition in the lively acoustics of our shop lunchroom!

Great

- 8 Principal
- 8 Gedeckt
- 4 Octave
- 4 Rohrflute
- 2 Principal
- 1 1/3 Quinte
- 8 Rohr Schalmey

Positiv
